**RE: Challenge to Dismissal - Case JAG2501941 - Hinton v. Jaguar (VIN: SAJDD1GX4LCK67497)
- Request for Reconsideration under Magnuson-Moss Warranty Act**

Dear BBB AUTO LINE Appeals Division,

I am writing to formally challenge the dismissal of my arbitration case, JAG2501941, concerning my 2020 Jaguar F-TYPE (VIN: SAJDD1GX4LCK67497). While I respect the program's adherence to California law and the recent Supreme Court ruling in *Rodriguez v. FCA US, LLC*, I believe the dismissal was based on an incomplete assessment of the program's jurisdiction, specifically overlooking the applicability of the Magnuson-Moss Warranty Act (MMWA) to my claim.

My vehicle, purchased used on September 17, 2024, at 22,300 miles, was covered by Jaguar Land Rover North America's transferable New Vehicle Limited Warranty (Jaguar EliteCare), which remained in effect until November 8, 2024. I sought warranty repairs for significant electrical and cooling system issues while the warranty was active. When Jaguar Land Rover North America denied my request for a repurchase, they directed me to BBB AUTO LINE arbitration via email on January 31, 2025. This referral explicitly stated:

"You are required to use BBB AUTO LINE® before asserting in court any rights or remedies conferred by California Civil Code Section 1793.22. **You are also required to use BBB AUTO LINE® before exercising rights or seeking remedies created by Title I of the Magnuson-Moss Warranty Act, 15 U.S.C. Sec. 2301, et seq.**" (Emphasis added, taken from the JLR denial email).

My case was subsequently dismissed based on the determination that the vehicle does not qualify as a "new motor vehicle" under the California Song-Beverly Act, citing *Rodriguez*. The Arbitrator's Decision on my appeal, dated March 24, 2025, reiterated this point, stating: "Consideration of those other options [like MMWA] is not within the purview of the California Lemon Law nor the Auto Line Program."

This statement appears to directly contradict the stated scope and rules of the BBB AUTO LINE program itself. The BBB AUTO LINE Program Summary ("BBB AUTO LINE Dispute Resolution Arbitration Rules for California"), provided to consumers, clearly outlines under "2. JURISDICTION OF BBB AUTO LINE":

"Disputes That May Be Arbitrated. Disputes must arise under a participating manufacturer's written new vehicle warranty and under the Song-Beverly Consumer Warranty Act. **Certain disputes that do not fall within the jurisdiction of these Rules may still be eligible for resolution in BBB AUTO LINE. Please contact your Dispute Resolution Specialist for more information.**" (Emphasis added).

Furthermore, under "Applicable Law" in the Program Summary, it lists:

- "Your vehicle's written warranty
- Federal Trade Commission regulations set out in 16 C.F.R. Part 703.
- California Commercial Code Division 2 (starting with Section 2101)
- All provisions of the Song-Beverly Consumer Warranty Act [California Civil Code section 1790 et seq.]....
- **Any other equitable considerations appropriate in the circumstances** (e.g., whether you still own or possess the vehicle; whether the vehicle is available for inspection)" (Emphasis added).

The Magnuson-Moss Warranty Act (15 U.S.C. § 2301 et seq.) is a federal law that provides consumers with remedies for breach of written or implied warranties. A transferable manufacturer's new vehicle warranty, like the one on my Jaguar, is a "written warranty" under MMWA, and I, as a subsequent owner receiving the product during the warranty duration, am a "consumer" entitled to enforce that warranty (§2301, §2310). MMWA requires warrantors to repair defects covered by the warranty within a reasonable time and without charge (§2304). Failure to do so can entitle the consumer to a refund or replacement (§2304(a)(4)). MMWA does not contain the specific "new motor vehicle" definition found in the Song-Beverly Act and interpreted by *Rodriguez*.

Therefore, while my vehicle may not qualify for Song-Beverly's *new vehicle* buyback remedies under *Rodriguez*, my claim regarding alleged breaches of the *written manufacturer warranty* during the period it was active is clearly eligible for resolution under the Magnuson-Moss Warranty Act, which the BBB AUTO LINE program is certified to administer and for which Jaguar Land Rover North America specifically referred me.

The dismissal based solely on Song-Beverly appears to be an error in applying the full scope of the program's jurisdiction, as outlined in its own rules and in JLR's referral. The program *can* and *should* evaluate disputes arising under MMWA, even if the specific Song-Beverly remedy sought (new vehicle buyback) is unavailable due to vehicle classification. The program's ability to award "Reimbursement for incidental expenses (towing, rental car, etc.)" and "Repairs to a vehicle" (as listed in section 3.A of the Program Summary) further demonstrates its capacity to address warranty disputes beyond just Song-Beverly buyback/replacement for new vehicles.

I respectfully request that BBB AUTO LINE review the jurisdictional basis of my case, acknowledge its scope under the Magnuson-Moss Warranty Act, and re-open my claim for arbitration under the appropriate federal standards, as required by the program's certification and rules, and by Jaguar Land Rover North America's referral.

Thank you for your time and attention to this matter.

Respectfully,
Nyree Hinton

**Complaint Regarding BBB AUTO LINE (JAG2501941) - Failure to Exercise Jurisdiction Under
Magnuson-Moss Warranty Act - ACP Reference #61C7-W8NBZH**

Dear Arbitration Certification Program (ACP),

I am writing to file a complaint regarding the handling of my arbitration case (JAG2501941, VIN: SAJDD1GX4LCK67497) by BBB AUTO LINE, a program certified by the ACP. My experience raises concerns about the program's adherence to its certified scope, particularly concerning disputes under the Magnuson-Moss Warranty Act (MMWA).

I purchased a used 2020 Jaguar F-TYPE that was still covered by Jaguar Land Rover North America's transferable New Vehicle Limited Warranty. After experiencing significant issues and being denied a manufacturer repurchase, Jaguar Land Rover North America referred me to BBB AUTO LINE arbitration via email on January 31, 2025. This referral explicitly stated I was required to use the program before pursuing remedies under both California Civil Code Section 1793.22 (Song-Beverly Act) and Title I of the Magnuson-Moss Warranty Act.

My BBB AUTO LINE case was dismissed *twice* (initial eligibility and on appeal). The basis for dismissal, confirmed in the Arbitrator's Decision dated March 24, 2025, was that my vehicle did not qualify as a "new motor vehicle" under the Song-Beverly Act, referencing the *Rodriguez v. FCA US, LLC* ruling. In the appeal decision, the arbitrator explicitly stated that consideration of remedies under the MMWA was "not within the purview of the California Lemon Law nor the Auto Line Program."

This statement, and the subsequent dismissal, appears to directly conflict with the BBB AUTO LINE Program Summary and Rules provided to consumers, which state that the program considers disputes arising under the manufacturer's written warranty and applicable law, including referencing Federal Trade Commission regulations (which implement MMWA) and stating that certain disputes not falling under Song-Beverly may still be eligible. Furthermore, the program's own rules explicitly state that consumers are required to use the program before exercising rights under the MMWA.

The MMWA provides federal rights for consumers with written warranties, regardless of whether the vehicle is "new" under California's specific Song-Beverly definition for manufacturer buybacks. A certified arbitration program should be equipped to handle such disputes under MMWA, especially when the manufacturer refers a consumer for that explicit purpose.

The arbitrator's refusal to consider MMWA jurisdiction, contrary to the program's stated scope and the manufacturer's referral, suggests a potential failure by BBB AUTO LINE to operate within the bounds of its certification requirements regarding applicable federal law.

I have separately contacted BBB AUTO LINE to request reconsideration of the dismissal based on their MMWA jurisdiction. I request that the ACP review the handling of my case, particularly the jurisdictional ruling, to ensure BBB AUTO LINE is operating in compliance with its certification, including the proper application of MMWA in disputes where applicable.

Thank you for your attention to this important matter.

Respectfully,
Nyree Hinton

Arbitrator's Decision on Consumer Out of Jurisdiction Appeal

Case Number: JAG2501941

Hinton v. Jaguar, #JAG2501941

The consumer appealed the previous decision in this case which denied this claim. The reason for the denial by the BBB was that the vehicle was a motor vehicle which was purchased with an unexpired manufacturer's new vehicle warranty and not one which was sold with a new car warranty issued at the time of this consumer's purchase of the vehicle. The vehicle was a used vehicle, as defined by the Song Beverly Act.

This claim was filed on or about 1/31/25 when there were 25,297 miles on the odometer. The vehicle in question is a 2020 Jaguar F-Type. The consumer purchased the vehicle used on 9/17/24 when there were 22,300 miles on the odometer. See Customer Claim Form. The vehicle was purchased with the power train warranty still in effect. That warranty had initially been issued to the original owner.

On 10/31/24, Supreme Court of California affirmed the judgment of the Court of Appeal in Rodriguez v. FCA US, LLC, stating: "We conclude that a motor vehicle purchased with an unexpired manufacturer's new car warranty does not qualify as a 'motor vehicle sold with a manufacturer's new car warranty' under section 1793.22, subdivision (e)(2)'s definition of 'new motor vehicle' unless the new car warranty was issued with the sale." This ruling made it clear that there is a difference between a vehicle sold with a portion of the original warranty in place, versus a vehicle which is sold with a full new vehicle warranty issued at the time of that sale. The former is a used vehicle and not eligible for Lemon Law relief; the latter is considered a new motor vehicle for the purposes of the Lemon Law.

The consumer submitted no evidence to establish that the warranty on this vehicle was a "new" vehicle warranty issued at the time this consumer purchased the vehicle. The warranty in question is the remaining power train warranty which was originally issued to the original owner of this vehicle at the time of that owner's purchase. So, even though the manufacturer's warranty still covered this vehicle, it does not meet the Lemon Law's requirements and the Rodriguez holding's requirements as to what is necessary to qualify as a new motor vehicle. Clearly, this vehicle is a used vehicle as recently defined by the California Supreme in Rodriquez.

Since that decision was entered, the BBB Auto Line Program no longer has jurisdiction to decide any issues in California pertaining to used vehicles. Without jurisdiction, this claim cannot be resolved by the BBB. There may be other bases upon which this claim might be eligible for relief, such as perhaps the federal Magnuson-Moss Warranty Act, however, consideration of those other options is not within the purview of the California Lemon Law nor the Auto Line Program. Accordingly, the denial decision entered in this case is affirmed.

Re: JAG2501941 Hinton vs Jaguar SAJDD1GX4LCK67497

Dear Nyree Hinton,

To be eligible, your vehicle must fall under the Song Beverly Act. Section 1793.22 of the Song Beverly Act states that a “New motor vehicle” means a “new motor vehicle” (including the chassis cab of a motor home, a dealer-owned vehicle, a “demonstrator,” or other vehicle sold with a manufacturer’s new car warranty.)

Per Rodriguez v. FCA US, LLC, S274625 and the Supreme Court of California’s decision regarding the interpretation of the phrase “other motor vehicle sold with a manufacturer’s new car warranty”, your vehicle would not be eligible as it is did not have the manufacturer’s new vehicle warranty issued at the time of sale or lease.

The Supreme Court of California has concluded that a motor vehicle purchased with an unexpired manufacturer’s new car warranty does not qualify as a ‘motor vehicle sold with a manufacturer’s new car warranty’ under section 1793.22 of the Song Beverly Act unless the new car warranty was issued with the sale.

If you disagree with our eligibility determination, you may submit a written appeal that can be uploaded via the Dispute Resolution Portal. Please upload your written statement and select the CA Consumer Appeal document tag

1. The appeal must be received within 30 days from the date of this notification.
2. The manufacturer will be given five (5) days to submit comments.
3. If the manufacturer does comment on your appeal, you will then be provided five (5) days to provide return comments.
4. An arbitrator will decide if your dispute is within our jurisdiction to arbitrate in 30 days.
5. If the arbitrator determines that your claim should be eligible to proceed, a new claim will be opened at that time. Please note that the arbitrator ruling on your appeal will only decide whether your claim may be heard in arbitration. If this arbitrator decides that your claim is within the program's jurisdiction, the arbitrator who presides over the subsequent hearing will examine all the facts in your case including jurisdiction

Sincerely,

Joelybeth Ortiz

Customer Comments to Manufacturer Appeal Comments

Case Number: JAG2501941

This claim falls squarely within the jurisdiction of the BBB AUTO LINE program under Rule 2.B and 2.C, as it was purchased with an active transferable New Vehicle Limited Warranty covered by Jaguar Land Rover North America, serviced repeatedly at Jaguar-authorized dealerships for the same unresolved defects, and the claim was filed within six months of its expiration. Under California Civil Code § 1795.5 and Jaguar Land Rover's transferable factory warranty, BBB Auto Line retains jurisdiction to arbitrate claims arising from defects covered by the manufacturer's express warranty. Jaguar erroneously relies on the inapplicability of California's Song-Beverly Consumer Warranty Act to used vehicles without considering the federal Magnuson-Moss Warranty Act, which mandates arbitration for disputes arising under written manufacturer warranties. Jaguar's prior referral of this dispute to BBB AUTO LINE, as evidenced by its mediation correspondence dated January 31, 2025, constitutes procedural consent to arbitration irrespective of Song-Beverly limitations. Arbitrator determination of manufacturer warranty noncompliance is thus warranted."

Manufacturer Comments to Consumer's Appeal Request

Jaguar Land Rover NA agrees with the BBB Auto Line's closure reason: Vehicle does not qualify under Song Beverly as a new motor vehicle. We do not believe that this vehicle is eligible for the program. We ask that the determination remain the same.

Date: February 3, 2025

Dear Ms. Ortiz,

This letter serves as my formal appeal of BBB AUTO LINE's ineligibility determination due to its reliance on the recent California Supreme Court decision in **Rodriguez v. FCA US, LLC, S274625 (2024)**. While I respect the program's adherence to the Song-Beverly Consumer Warranty Act (the "Act"), I contend that the denial misapplies Rodriguez and overlooks the continuing obligations of Jaguar Land Rover North America, LLC ("JLRNA") under federal and state warranty laws where active manufacturer warranties remain in effect. Furthermore, this appeal highlights compliance with the Arbitration Rules, particularly Rule 3 (Jurisdiction of BBB AUTO LINE), and demonstrates that the exclusions listed under "Claims That Will Not Be Arbitrated" do not apply to my case.

First, pursuant to **Rule 3(a)**, my claim arises under Jaguar Land Rover North America's (JLRNA) written warranty for my 2020 Jaguar F-Type, which was active at the time of my purchase on September 17, 2024, which **JLRNA continued to honor through multiple repair attempts**. JLRNA's acceptance of warranty obligations and performance of repairs under warranty terms establishes their ongoing duty to provide warranty coverage per 15 U.S.C. § 2310(d). JLRNA's warranty obligations continue regardless of subsequent ownership, as established in *Duick v. Toyota Motor Sales, U.S.A., Inc.*, 198 Cal.App.4th 1316 (2011). This creates an independent basis for BBB Auto Line jurisdiction separate from Song-Beverly Act eligibility.

Second, **Rule 3(b)** grants jurisdiction to BBB AUTO LINE for disputes under the Magnuson-Moss Warranty Act (15 U.S.C. §§ 2301-2312). Per the Magnuson-Moss Act, manufacturers like JLRNA cannot disclaim their obligations to repair or replace defective warranted goods when "substantial nonconformities" cannot be rectified after a reasonable number of repair attempts. My case squarely fits this criterion: the vehicle's electrical and drivetrain issues were presented for repair multiple times within the warranty period (documentation included) without resolution, as required under 15 U.S.C. § 2304(a)(4).

In **Rodriguez v. FCA US, LLC**, the California Supreme Court clarified that a vehicle purchased with an unexpired manufacturer's new car warranty does not qualify as being sold "*with a manufacturer's new car warranty*" under Song-Beverly unless the new car warranty was issued contemporaneously with the

sale. However, the Court expressly limited its ruling to eligibility for Song-Beverly “new vehicle” remedies, such as buyback or replacement, and **explicitly preserved other warranty rights where defects arise within an active manufacturer’s warranty period**. Per Rodriguez, “[T]he decision does not eliminate a buyer’s ability to pursue other remedies when defects manifest under a manufacturer’s warranty,” including claims under the **federal Magnuson-Moss Warranty Act (15 U.S.C. §§ 2301–2312)** and related California Commercial Code provisions.

In addition to the federal warranty, California state law provides additional protections for defects arising in vehicles sold as “used” but still covered under active warranties. **California Commercial Code § 2313** preserves my right to enforce express warranties made by the manufacturer, and **Civil Code § 1795.5(c)** extends implied warranty protections to subsequent buyers of vehicles covered by a manufacturer’s warranty.

Given the vehicle’s repair history under Jaguar’s transferable warranty and the continued presence of unresolved defects that impair its use, value, and safety, I respectfully request that the BBB Auto Line arbitrator reverse the eligibility determination and exercise jurisdiction over this matter under federal warranty law and JLRNA's express delegation of warranty disputes to this forum as the platform remains the most efficient and equitable venue to resolve this ongoing dispute.

Respectfully,
Nyree Hinton

My name is Lauren and I am the Process Specialist assigned to your request for repurchase. I am truly sorry to hear about your experience thus far and I am writing to inform you of Consumer Affairs Determination.

This is in response to your 11/14/24 request for repurchase of your 2020 Jaguar F-PACE with VIN SAJDD1GX4LCK67497 under the California Song-Beverly Consumer Warranty Act.

- **After evaluating this matter in good faith, Consumer Affairs does not believe that your vehicle qualifies for repurchase or replacement.**

We highly advise returning to the retailer if you experience any concerns with your vehicle.

- *If you experience any re-occurring concerns and return to the retailer, we recommend that you request the Retailer involve JLRNA Technical Assistance & Engineering Team in the vehicle inspection to investigate any re-occurring concerns, and ensure all avenues for repair is met.*

JLRNA will continue to honor the terms of the New Vehicle Limited Warranty Agreement, if applicable, with respect to future repairs.
