

## 6.3 Integrated diagnostics (G3345251)

**TOPIx Cloud Diagnostics** covers Jaguar Land Rover (JLR) vehicles from 17MY for Discovery, Range Rover and Range Rover Sport, and 18MY onwards for all other vehicles excluding XJ.

**SDD** covers earlier vehicles / model years including XJ.

To access Module Programming you must complete one of the Module Programming files downloads detailed below and purchase an applicable subscription.

**For access to Key and Security Module Programming files you must follow the Trust Center accreditation process for your region. If a Trust Center is not available you can apply for JLR Manual Accreditation using TOPIx Feedback.**

Detailed instruction on downloading the files and set up is available on TOPIx. To view you must be a registered user signed into the system.

Select here to REGISTER AS A NEW USER IN TOPIX.

### **PURCHASE A MODULE PROGRAMING OR WORKFLOW SUBSCRIPTION**

Select here to PURCHASE A PROGRAMING ONLY OR PROGRAMING, DOCUMENTS AND WORKFLOW SUBSCRIPTION

1. From your **User Options** in TOPIx, scroll down to programing subscriptions
2. Select the subscription type **Module Programing** or **Workflow** and the length of the subscription you require. The cost will be displayed
3. Select **Next** to see an order summary, and select **Complete Order** to continue. This will direct you to a safe payment site
4. Select **Continue** to make a payment and follow the online instructions. When completed you will be redirected back to TOPIx

### **TOPIX CLOUD DIAGNOSTICS - DOWNLOAD INSTRUCTIONS**

1. For **TOPIx Cloud** only, download the **Diagnostic Device Agent (DDA)** from the TOPIX LINKS PAGE
2. When DDA is installed all updates are automatic
3. When the JLR approved diagnostic equipment is connect to a vehicle and DDA is started it synchronizes with TOPIx to display vehicle data and all expected features and functions

If you are installing **TOPIx Cloud Diagnostics** onto a new machine download the **JLR Installer Helper** from the TOPIX LINKS PAGE. This will guide you through installation of all the downloads listed below, which are required for new set-up:

- Chrome Download
- Vehicle Communication Interface (VCI) Drivers for TOPIx
- Diagnostic Device Agent (DDA)
- JLR Launcher
- JLR Controller Area Network (CAN) Logger

## **SDD DOWNLOAD INSTRUCTIONS**

1. To find out which version of Windows is installed on your machine go to:

**Windows/Settings/System/About**

2. Then follow the instructions for your machine, by selecting the relevant link below;

Refer to: HOW TO LOAD SDD ON TO A PANASONIC FZ55 MK1 AND MK3  
(TOPIx Cloud Diagnostics/Download and Installation).

Refer to: HOW TO LOAD SDD ON TO A PANASONIC CF54 MK3  
(TOPIx Cloud Diagnostics/Download and Installation).

- Refer to: ANTIVIRUS CONFIGURATION  
(TOPIx Cloud Diagnostics/Download and Installation).

## KEY AND SECURITY MODULE PROGRAMING

For access to Key and Security Module Programing, you must be approved with a Trust Center if available in your country.

- SERMI - ORGANISATION RESPONSIBLE FOR THE EUROPEAN TRUST CENTER
- NASTF VEHICLE SECURITY PROFESSIONAL PORTAL - NORTH AMERICAN TRUST CENTER

For regions that do not have Trust Centre access, a manual accreditation process is available.

- E-mail enquiries to the TOPIX FEEDBACK TEAM. You will be sent application form and full instructions.
- On receipt of the application and processing fee accreditation checks will be completed. This is re-validated every 2 years
- If you are found to be in breach of the terms and conditions your subscription will be invalidated.
