

How to load SDD on to a Panasonic CF54 MK3

(G4574399)

Before you start you will need:

1. A power supply for the CF54
2. You must have a good internet connection through WiFi

1. Download and install the SDD file
2. Go to: TOPIX LINKS PAGE / SDD Manual Software Download
3. Download the file and follow the instructions to install SDD
4. When SDD installation has completed, the machine will reboot

For instructions on how to install the JLR software, and troubleshooting support take a look at the links below;

- Refer to: HOW TO SET-UP THE PANASONIC (OUT OF THE BOX)
(TOPIx Cloud Diagnostics/Download and Installation).
- Refer to: DOWNLOAD AND INSTALLING JLR SOFTWARE
(TOPIx Cloud Diagnostics/Download and Installation).
- Refer to: SUBSCRIPTIONS
(Frequently asked questions/3. Subscriptions and installation).
- Refer to: FZ55 MK3 TROUBLESHOOTING
(TOPIx Cloud Diagnostics/Download and Installation).
