

6.1 DTC Resolution (G3344927)

NOTE:

To access this information you must PURCHASE A DOCUMENT SUBSCRIPTION .

To search you must be a registered user, logged into TOPIx. Select this link to REGISTER AS A NEW USER IN TOPIX .

1. Select TOPIX HOME PAGE to open the vehicle search page.
2. Enter a Vehicle Identification Number (VIN) or Model Selection from the vehicle search page.
3. From the OPTION SELECTION box select **Browse All**.
4. In the SEARCH box enter the Diagnostic Trouble Codes (DTC), or symptom of the vehicle that you need to repair. TOPIx will offer Quick Links to types of information, and Suggested Searches with options to auto-populate text from most frequent searches that match your entry.

This information can also be found by navigating to TOPIX WORKSHOP PROCEDURES . Use the search within the manual to look up a symptom or DTC code.

The following models have a dedicated DTC Search tool in TOPIx - a VIN must be in session for this to be available

- New Range Rover - L460
- New Range Rover Sport - L461
