- Adherence to behavioral norms and best practices, including, but not limited to:
  - Positive attitude & transparency in communication
  - Weekly hypothesis development, testing and KPI Tracking
  - Readiness & commitment to grow and scale your business
  - Reliability & accountability for core session attendance and mentor follow ups

### Equity Investment Terms

#### Plug In Ventures

As a precondition to enrollment in the Program, Participants grant Plug In Ventures the right to exercise an option to purchase, at its sole discretion, equity shares equivalent to the terms outlined in the Plug In Ventures Simple Agreement for Future Equity (SAFE), modeled after the Y-Combinator Post-Money SAFE, within 12 - 24 months of Program completion.

### Program Components

The Plug In Pre-Seed Accelerator is a virtual, self-paced program that consists of nine sessions and culminates with the Founders Showcase in early September. Program engagement is closely monitored and priority for investment consideration is given to Participants who complete Program milestones.

Week over week, participants can expect workshop and mentorship sessions designed to help test commercial hypotheses and make progress on refining what is working and not working. Program components include:

- **Tuesday Workshops:** Participants provided with valuable content on issues related to the early startup journey. Plug In Ventures mentors and guests will gather and offer insights and resources to Participants through tangible information, workshops, deep dive exercises, breakouts, and individual support sessions. Participants are also expected to develop weekly hypotheses and KPIs they want to track and manage.
- **Thursday Mentoring:** Dedicated to Participants focusing on their KPIs and hypotheses across the program. Participants are expected to work with dedicated mentors to fine tune week over week hypotheses / KPIs to show progress or success.
- **Founders Showcases:** Opportunities to present company and product demos to a community of peers and potential investors.
- **Feedback Surveys:** Diagnostic surveys for Program sessions to ensure the quality of the accelerator experience.

Plug In Ventures retains discretion to terminate Participants that do not demonstrate progress within a 30-day period to create openings for waitlisted participants.

---

In witness whereof, the Participant(s) hereby agrees to enter into the Plug In Ventures Accelerator Participant Agreement on the day and year by affixing their respective signatures and date below.
